

Kromasil®

Peak performance in HPLC

Preparative columns – "Identical performance in all column sizes"

- **Long lifetime** due to high mechanical and chemical stability.
- Seamless **scalability**.
- Column to column **reproducibility**.
- Full **traceability** from silica to column.

Recommended prices 2010 – Examples

Kromasil 100-5-C18	4.6 × 250 mm	€ 292
Kromasil 100-5-C18	10 × 250 mm	€ 803
Kromasil 100-5-C18	21.2 × 250 mm	€ 2,047
Kromasil 100-10-C18	30 × 250 mm	€ 2,947
Kromasil 100-10-C18	50 × 250 mm	€ 7,557

For other available phases, column & particle sizes,
contact your local distributor or visit www.kromasil.com.
Guard columns are available for all column dimensions.
